Outline

- Recap
 - Completed Items
 - Active Items
 - Discussed Items
- eduPersonAssurance Discussion
- Open Discussion

Completed Items

Completed Items

- MACE-Dir attribute profiles for SAML
 - <http://middleware.internet2.edu/dir/docs/draft-internet2-mace-dir-saml-attributes-20071202.pdf>
 - Principal contributor Scott Cantor (The Ohio State University)
- Library walk-in affiliation added to eduPerson
 - <http://ww.educause.edu/eduperson/>
 - Principal contributor Keith Hazelton (Univ of Wisconsin Madison)

Active Items

Active Items

- Identity Assurance ~~Quagmire~~ Qualifier
 - <https://spaces.internet2.edu/x/Jhc>
 - <https://spaces.internet2.edu/display/macedir/eduPersonAssurance+Draft+Specification>
 - Principal contributors Keith Hazelton (Univ of Wisconsin Madison) and Paul Caskey (Univ of Texas)

More Active Items

- “eduCourseSection”
 - <http://middleware.internet2.edu/course/docs/internet2-mace-dir-courseID-eduCourse-200507.html>
 - <http://www.imslobal.org/getpdf.cfm?DocName=ESv2p0Charter.pdf>
 - Tim Crouch of University of Texas at Tyler is developing an eduCourse usage survey

Discussed Items

Discussed Items

- Tom Scavo noted that eduCourseMember was added to the [urn:mace:dir:attribute-def](#) registry, but not eduCourseOffering. Scott Cantor responded that this was not an oversight.
- isMemberOf is also not in the mace registry. Should it be to facilitate its readability with SAML1?
- *Ed. Note: The standard practice is now to use OIDs.*

More Discussed Items

- Tom Scavo: VOMS wants SAML2 attributes to hold: /vo_name/group/subgroup/Role=role/Capability=capability. They want: group:///vo_name/group/subgroup#role and group://scope/vo_name/group/subgroup#role

Ed. Note: The above suggestion is probably withdrawn.

More Discussed Items

- Tom Scavo: Wants ePPN to have a minimum period of non-reassignability (say a year or 6 months).
 - Should the attribute definition be changed?
 - Should a new attribute be created?
 - Why is targetedID not adequate for this purpose?

More Discussed Items

- Global Identity Management
 - Bill Weems will be sharing a white paper

eduPersonAssurance

- <https://spaces.internet2.edu/display/macedir/eduPersonAssurance+Draft+Specification>

Ed. Note: Suggestions regarding the proposal will be posted to the MACE-Dir list
