Some pointers

• WeatherMap http://packrat.internet2.edu/~zurawski/SMM2008/
• Circuit Reservation Page https://test-idc.internet2.edu
• WIKI for IDC docs
• DCN Software Suite
• Signup sheet - note if you want to join wg will get slides and minutes and notification of meetings
Purpose of Working Group

• Provide a place for implementing DCN to meet and discuss with themselves and with DCN implementers
  – End users
  – Network implementers / operators
  – Developers of applications using DCN
  – not a DCN developer’s meeting

• Feedback from users to DCN developers
  – Problems, bugs, suggestions, complaints

• Input from Developers to users
  – Release announcements
  – Feature descriptions
  – Problems, bugs, work-arounds
Meeting Possibilities

- WG meets at MMs in Spring and Fall
- Possibly at JTs
- Regular calls - perhaps monthly
- Calls when needed for problems, announcements
Next Speakers

- Tom Lehman
- Phil Demar
- Aaron Brown
