

STRATEGIC PLAN IMPLEMENTATION 2009

Internet2 Spring Member Meeting

Community Process - 1

- Convened a community work group for each task or grouping of tasks
 - Executive lead named to guide each group
 - Staff coordinator named to flywheel each group
 - SPEC confirmed the members of each community group

Community Process - 2

- A whitepaper was written for each of the tasks that:
 - Defined the current environment in which implementation of the task must be considered
 - Defined the current state of our effort with regard to this task
 - Defined the change or aspiration that would advance this task
 - Defined the resources required to implement this task, and
 - Defined the metrics for success
- For many tasks, staff seeded the discussion with whitepaper drafts

Strategic Plan Implementation Portal

Many thanks to the following Internet2 staff for their efforts in the creation of this interactive web-based portal that allows the community to view the progress toward implementation.

- Ann Doyle, Internet2 Staff Coordinator
- Doug Howell (Portal Developer)
- Beth Miller
- Sharon Moskwiak
- Lauren Rotman

Community Teams

Thank you to the members of the community teams who worked tirelessly with the Internet2 staff in defining and refining the white papers.

The Community Teams are listed on the portal under Teams.

THE PORTAL

The [Strategy Portal](#) provides an overview from the actual plan to the white papers that address the eight strategies and their associated tasks.
